

Conversation concept

RIDIER
WORKFORCE INTELLIGENCE

CONVERSATION TO INTELLIGENCE

A better way to understand what people are experiencing.

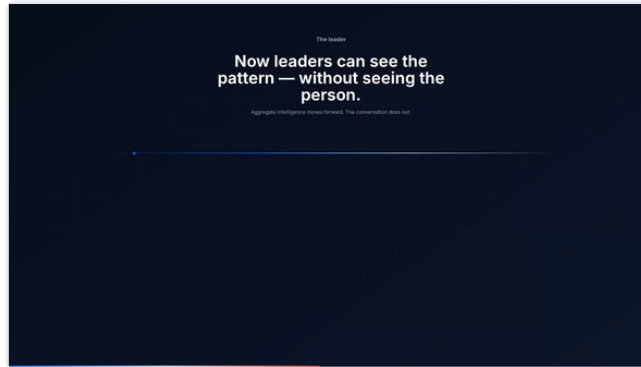

Private employee conversation → aggregate workforce intelligence

Available in portrait, Story/Reels, square and landscape formats.

Privacy concept

Managers don't see individual employee conversations.

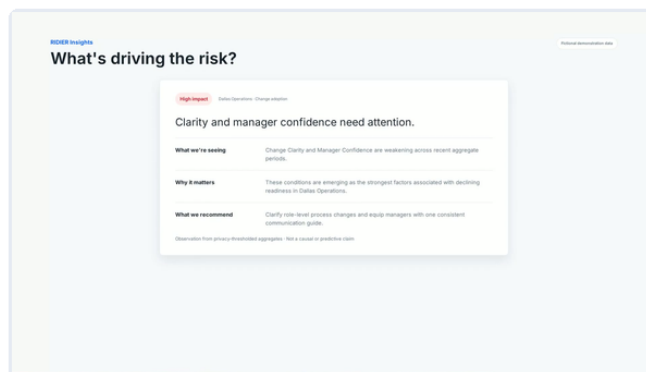

RIDIER reports de-identified, threshold-protected aggregate patterns.

Available in portrait, Story/Reels, square and landscape formats.

Action concept

See readiness, human signals and risk — then know where to act.

Workforce intelligence for consequential change.

Available in portrait, Story/Reels, square and landscape formats.

Social media asset library

Three approved concepts are supplied in four formats: Portrait 1080 × 1350 · Story/Reels 1080 × 1920 · Square 1080 × 1080 · Landscape 1200 × 628

Every interface and data point shown is fictional Northwind Group demonstration content.
